PRODUCT DESCRIPTION

Specific cleaner for plastic internal parts. It cleanses and degreases interiors in depth, also performing a sanitizing action, thanks to the active components included in the formulation. It's also indicated for the public transport cleaning. The use leaves a pleasant perfume. It's also suitable for rubber, PVC or leatherette parts.

PREVIOUS STEPS

HOW TO USE

First, spray the product on a microfiber cloth and apply it on the interested area. Let it work for a few moments, then clean up the surface using the opposite face of the microfiber.

PAI-PLAST 5kg version can be diluted in water at a percentage of 10-20%, according to the level of dirty to remove.
