- ▶ **Color:** light purple
- ▶ **Odor:** light and pleasant
- ▶ **Physical form:** liquid
- ▶ **Storage:** 5-35°C
- ▶ **Flammability:** Not flammable

### PRODUCT DESCRIPTION

Cleaner specifically developed for the regeneration of the car's plastic parts. It contains ultrafine waxes and polymers, necessary for a depth cleaning of internal and external plastics such as dashboards and bumpers. Its simply use releases a semi-lucid and antistatic film on surfaces, combined with a pleasant perfume.

### PREVIOUS STEPS

### HOW TO USE

Spray the product on a microfiber cloth and apply it on the interested surface using circular movements. Then, remove eventual residues using the opposite face of the microfiber. If a higher level of shine is desired, we suggest repeating the application using a greater amount of product.
